

For Export Only

# Regevan<sup>®</sup> *Ph*

Polynucleotide Sodium

**TEN**TECH<sup>®</sup>

# Sea Trout Clean Aquafarming

Regevan PN uses farmed trout, safe from parasites bacteria and viruses.

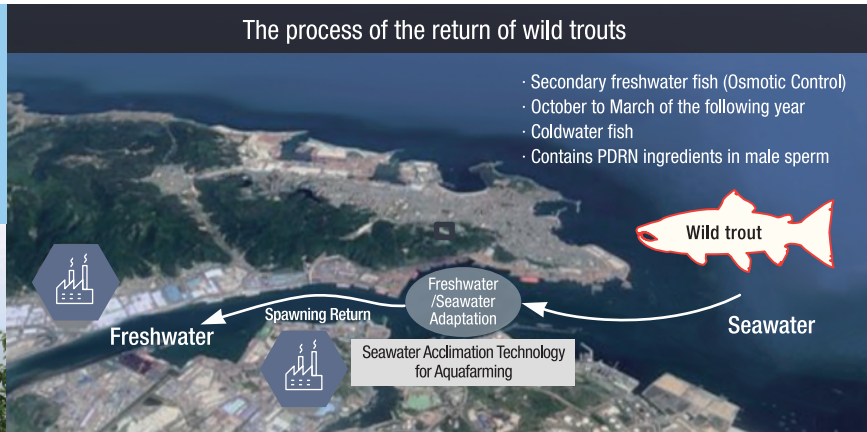

**Wild trout**

Exposed to parasites bacteria and viruses

VS

**Aquafarmed trout**

Safe from parasites, bacteria and viruses

# Cooperation with the Ocean & Fisheries Science Institute

Quality Management System for Aquafarming

Research personnel and technology for sea trout farming

Traceable System

# Safe raw material

**1**

**No Immune Response**

Composed of pure DNA fragments, not recognized as an antigen

**2**

**Biomaterial**

Clinically tested, 95% match in sequence with humans

**3**

**Asepsis**

High-pressure steam sterilization

**4**

**Normal Tissue Formation**

Even secretion of collagen and non-collagen proteins without overproduction

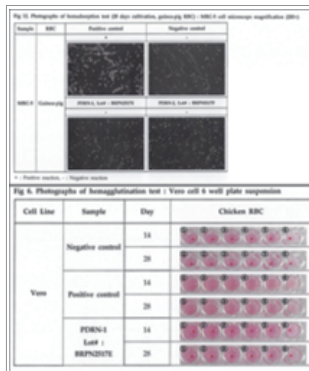

**5**

**Short Downtime**

Embossing disappears in 24 hours

# Purification Technology

PN/PDRN molecule size control technology and proprietary high-purity PN/PDRN extraction technology(removal of unnecessary proteins)

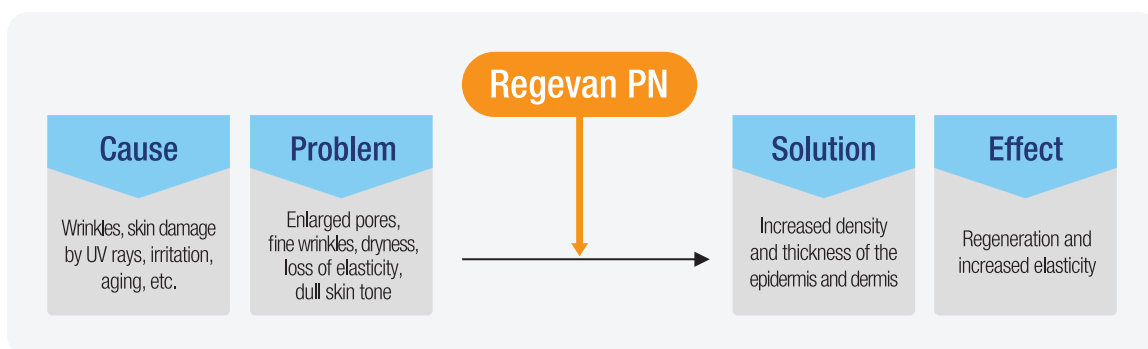

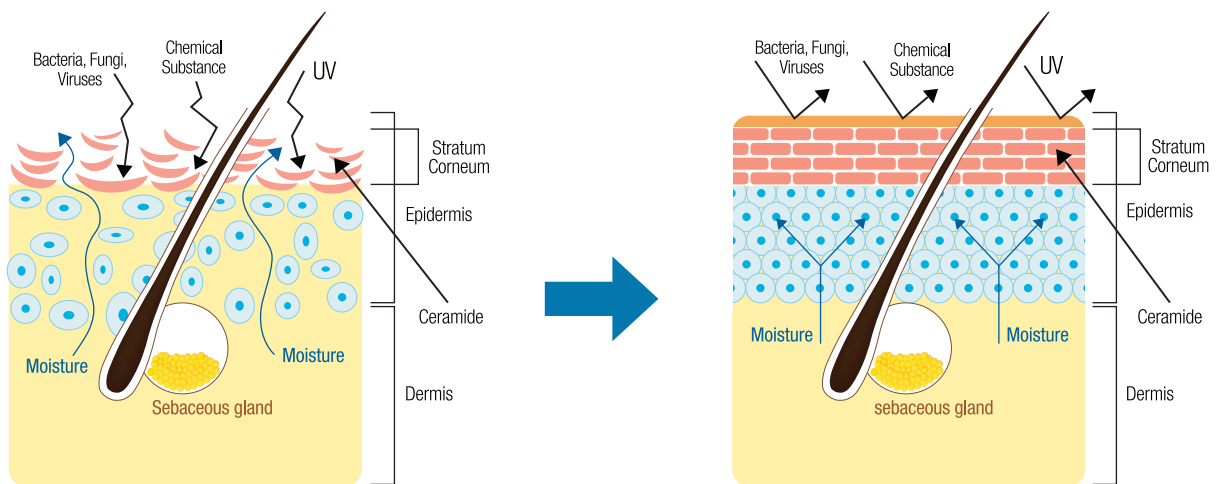

Conducted 11 certification tests for cytotoxicity and virus inactivation

Active pharmaceutical ingredient certified by MFDS

# Specialized skin healing care product

Skin restoration system more natural than filler and botulinum toxin

# Specification

Product	Regevan PN-i	Regevan PN	Regevan PN-s
Product Image			
Main ingredient	PN (Polynucleotide)		
Use	Temporarily improve facial wrinkles in adults		
Areas	Around the eyes	All over the face	Depressed scars
Viscosity	☆☆☆	★★★	★★★
Volume	1ml/1syr	1ml/2syr	1ml/1syr
Needle	34G * 4mm * 1ea	33G * 4mm * 2ea	30G * 13mm * 1ea
Packing Unit	1syr / 1box	2syr / 1box	1syr / 1box
